"RAINBOW'S END"

A busy television studio is the setting for a new five-part series for hearing impaired children beginning Sunday, January 14 at 10:00 a.m. on WETA, channel 26. A repeat performance will be aired on Fridays at 11:30 a.m. RAINBOW'S END, presented in American Sign Language with voice-over narration and captions, is designed to enhance the self-image and improve the language skills of deaf children from ages seven to 12. But it is also aimed at hearing children, teachers of the deaf, the parents of hearing impaired children and children with other disabilities who use manual communication.

Most of the characters on RAINBOW'S END are portrayed by deaf actors. Special deaf adults, such as stuntwoman Kitty O'Neill and sculptor Douglas Tilden, come to the studio giving hearing impaired children a chance to meet notable people who are also deaf. Actress Linda Bove of "Sesame Street" and the National Theatre of the Deaf is the guest on the first show.

RAINBOW'S END was produced by D.E.A.F. Media, Inc., in cooperation with San Mateo Community College District with funding from the Bureau of Education for the Handicapped U.S. Office of Education, Department of Health, Education and Welfare. Additional funding by Charles Stewart Mott Foundation and the Corporation for Public Broadcasting.

GALLAUDET COLLEGE DIRECTORY

The 1978-79 Gallaudet College Directory has been received and is being distributed to the campus community. However, it has come to the attention of the Office of Business Affairs that certain pages are missing from some of the directories. If this is the case with your copy, please call Irene Pruitt on ext. 313 or 317 and arrangements will be made for a replacement.

"HEY! GOOD BUDDY, LOOK OUT FOR THAT PICTURE TAKER."

Campus traffic control and traffic safety are major responsibilities of the Department of Safety and Security. Recently, grave concerns arose over the number of vehicles observed on campus exceeding the posted 15 miles per hour limit. This is a dangerous situation.

In order to control excessive campus speeds efficiently the Department of Security has purchased a K-15 hand held radar gun, with accessories, to enforce campus speed regulations. Signs are being placed about campus advising that the speed limit will be radar enforced.

Any questions or suggestions should be directed to the Manager, Safety and Security, Ext. 703 (Voice) or 333 (TTY).

"THE MERRY WIVES OF WINDSOR"

MSSD STUDENTS PARTICIPATE IN READ-A-THON

Forty-four MSSD students were awarded certificates for their participation in the National Multiple Sclerosis Society's 1978 Read-A-Thon. A representative from the MS Society was recently on campus to do the honors. I.B.M. Corporation contributed \$150 to the MS Society for MSSD's participation in the Read-A-Thon. The program, widely acclaimed as an outstanding motivational tool, serves to promote reading while helping those in need. Students wrote a brief report about each of the books they read, with the report then checked by an English teacher for verification. Participating students were also given a MacDonald's coupon for a free hamburger and french fries.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
